Any resemblance to actual persons (living or dead), events, institutions, or locales, without satiric intent, is coincidental. No portion of this publication may be reproduced or transmitted, in any form or by any means, without the express written permission of Panasonic System Communications Company of North America. Printed in the U.S.A.

THE ENEMY IS UPON US!

HOLD FAST, LEAGUE OF VALOR!

**LEANDER**

**SIDDHARASA**

**BADGRR**

**AIRFOX**

**LITH**

**KATSUKO**

HOW SOON CAN YOU FIRE, SIDD?

ANOTHER MINUTE TO CALIBRATE THE WEAPON, MAYBE A LITTLE MORE.

THE XK-5000V LASER CANNON SHOULD BLAST MANZARIUS AND HIS INVASION FLEET BACK INTO SPACE, BUT THE TARGETING WINDOW IS TOO NARROW FOR MULTIPLE SHOTS.

WE HAVE ONE CHANCE TO GET IT RIGHT...

...OR MANZARIUS CONQUERS EARTH!

FULL SPEED AHEAD, MY ATTACK SHIPS!

KRAANG

MAKE IT FAST, SIDDHARASA!

THESE ADVANCE ROBOTS MANZARIUS SENT TO DESTROY THE XK-5000V ARE ALL OVER US!

WE'LL BUY YOU THE TIME YOU NEED, SIDD.

POOSH

THE MORE 'BOTS WE SMASH...  
...THE MORE 'BOTS APPEAR.

JUST A LITTLE LONGER!

YOU DON'T HAVE A LITTLE LONGER...

...WE'RE ABOUT TO GET OVERRUN HERE!

SIDDHARAGA TO KEVIN MASSING!  
KEVIN, CAN YOU HEAR ME?

UPLOAD THE FIRING COORDINATES AND WE'LL SEND MANZARIUS BACK WHERE HE CAME FROM!

UPLOADING NOW, SIDD!

NOW OR NEVER!

ENJOY DEEP SPACE, MANZARIUS!

WHAT'S... HAPPENING?

NOTHING...

...THAT'S THE PROBLEM!

I DON'T UNDERSTAND WHY IT'S NOT FIRING!

TELL ME WHAT'S GOING ON, MAYBE I CAN HELP!

NO TIME TO FIGURE IT OUT! WE'RE GETTING SWARMED!

SIDDHARASA, PROTECT THE LASER CANNON!

THE ROBOTS ARE OVERWHELMING US, BUT WE CAN'T LET THEM DESTROY THE XK-5000V!

I CAN PUT IT BEHIND A FORCEFIELD, KEEP IT SAFE FOR AT LEAST A LITTLE WHILE...

...BUT WE HAVE ONE LAST HOPE...

"...AND HE'S BACK AT THE HALL OF VALOR!"

OH, NO...

...NO, NO, NO!  
THIS CAN'T BE HAPPENING...

...I'M NOT A MEMBER OF THE LEAGUE OF VALOR, I'M ONLY THE I.T. GUY!

IF THEY'VE ALL BEEN CAPTURED, THAT JUST LEAVES...

...ME?

COME ON, KEVIN, YOU CAN DO THIS...

...EVEN IF YOUR ONLY SUPER-POWER IS NERVOUSLY TALKING TO YOURSELF.

WITH THE ENTIRE LEAGUE CAPTURED, I'M THE ONLY ONE WHO CAN FIRE THE LASER CANNON, AND I HAVE TO BE OUT AT THE SITE TO DO IT.

I'LL NEED TO BRING ALL THE SPECS FOR THE XK-5000V.

NEED SOMETHING MORE PORTABLE THAN MY TOUGHBOOK...

...SO THE TOUGHPAD SHOULD BE PERFECT.

DOWNLOAD EVERYTHING OFF THE MAINFRAME VIA WIRELESS...

...AND I'M GOOD TO GO!

NOT TO MENTION SCARED TO DEATH.

COMPANY  
ALREADY.  
ROBOTS  
MUST'VE BEEN  
MONITORING  
THE HALL  
OF--

YOW!

13:33

AND HERE  
I WAS WORRIED  
ABOUT THE  
FOXMOBILE GETTING A  
SCRATCH!

13:29

Incoming  
Call

WHAT  
NOW?

I'M A LITTLE  
BUSY AT THE  
MOMENT!

HAVE I  
REACHED  
THE HELP  
DESK?

HANG ON,  
IT'S A LITTLE  
LOUD HERE,  
BUT I CAN  
CRANK YOU UP  
TO 100  
DECIBELS!

WOOHOO!  
STILL WORKING!

NO FAIR SHOOTING THE WATER TOWER!

AT LEAST ONE OF US IS WATER RESISTANT.

9:09

STILL TIME TO FIRE THE XK-5000V...

3:47

2:12

1:07

**RETREAT!**

**ALL SHIPS,  
RETREAT TO  
DEEP SPACE!**

**THE  
LEAGUE OF  
VALOR  
WINS THIS  
TIME...**

**...BUT  
MANZARIUS  
WILL HAVE HIS  
REVENGE!**

SO... WE WIN?

MANZARIUS HAS FLED, HIS ROBOTS ARE LIKE MARIONETTES WITH THEIR STRINGS CUT.

GREAT JOB, KID!

YOU SAVED US, AND YOU SAVED THE PLANET.

KEVIN, WHY DIDN'T THE XK-5000V WORK FOR ME?

OH... UH, THAT MUST HAVE BEEN SOME SORT OF CODING ERROR.

KEVIN.

OOPS.

WHAT DID YOU DO TO MY CAR?

I TRIED, AIRFOX, I SWEAR! I TRIED TO KEEP IT SAFE, AND I JUST... COULDN'T.

BUT I NEVER WOULD'VE GOTTEN HERE WITHOUT THE FOXMOBILE!

THEN I GUESS YOU MADE THE RIGHT DECISION.

-WHEW-

KEVIN, IT MIGHT BE TIME FOR YOU TO BECOME A FULL MEMBER OF THE LEAGUE OF VALOR.

WHAT KIND OF HERO DO YOU WANT TO BE?

WELL, THAT'S A TOUGH ONE, LEANDER. CAN I THINK ABOUT IT?

IN THE MEANTIME...

...TEAM PHOTO!

TO BE CONTINUED!

BIOGRAPHICAL DATA

# LEAGUE OF VALOR

**THE LEAGUE OF VALOR** is the preeminent superhero team in the world, dedicated to protecting mankind from any and all threats. The roster includes valiant team leader **Leander**; armored titan **Siddharasa**; sword-wielding warrior **Katsuko**; the savage and feral **Badgrr**; ace adventurer **Airfox**; and the being of living rock known as **Lith**.

## KEVIN MASSING

**KEVIN MASSING** is the League of Valor's information technology specialist, keeping the heroes connected with the latest tech advances. Together, they safeguard all humanity, battling a rogues gallery that includes alien overlords, mad scientists and super villains.

## From Kevin Massing's Tech Files:

For the League of Valor, the Toughpad FZ-E1 helps get the job done no matter where their missions take them. It even helped save the world!

**RUGGED DURABILITY:** The Toughpad FZ-E1 goes beyond MIL-STD-810G specifications to assure in-field reliability. Built to handle drops of up to 10 feet to concrete, the Toughpad FZ-E1 is fully sealed and submersible in 5 feet of water for up to 30 minutes, and has a -4°F to 140°F operating temperature range. The Toughpad FZ-E1 is also tested for resistance to impact, shock, vibration, altitude, and extreme humidity.

**INDUSTRY-LEADING BATTERY LIFE:** Few heroes could afford to put their missions on hold to charge their devices. The Toughpad FZ-E1 features a 6200mAh battery providing up to 14 hours of continuous use, based on Panasonic test conditions. It's designed to charge to 50% in just one hour, and Hot Swap functionality allows a depleted battery to be swapped out for a fresh one without powering down the device, providing for virtually unlimited use.

**VOICE CONNECTIVITY:** The Toughpad FZ-E1 is the first device in the Toughpad line to offer optional voice connectivity. To ensure clear voice communication above engine or construction noise, the device is equipped with intelligent, noise-cancelling and dual front speakers that reach an astounding maximum volume of 100 decibels.

**ENTERPRISE-GRADE DISPLAY:** Toughpad FZ-E1 features a sunlight-readable, anti-reflective, HD capacitive multi-touchscreen that works even with heavy gloves. A rain-sensing feature allows for single-touch use even in pouring rain.

**WINDOWS EMBEDDED 8.1 HANDHELD:** The Toughpad FZ-E1 is powered by Windows Embedded 8.1 Handheld, an intuitive platform featuring a rich, multi-touch user interface and robust security that improves workforce productivity without compromise. It makes communication, collaboration and data collection easy and allows the device to be managed seamlessly as part of the Windows environment the League of Valor already relies on.

## From Kevin Massing's Tech Files:

**SECURITY CAMERA:** When the League of Valor is away on a mission across the globe or across the galaxy, they like to keep tabs on things back here at the Hall of Valor. Panasonic's high-performance network cameras capture and deliver outstanding HD surveillance video to keep our headquarters secure. The next-generation processors offer dynamic imaging, as well as image distortion and color correction technologies. The cameras produce high definition resolution while maintaining use of bandwidth, making them ideal for surveillance.

**DESKTOP TELEPHONE:** Sure, sometimes superheroes communicate via telepathy. For other times, we have Panasonic's SIP phones. They're easy to deploy and operate, providing crisp, precise HD voice quality for smooth, effortless conversations. SIP phones offer advanced capabilities, quick and simple expandability, and are designed to help heroes (and everyone else) communicate and collaborate easily and productively.

**DISPLAYS:** Keeping the entire world safe means the League of Valor has to monitor locations across the globe. Panasonic's professional displays feature high image quality, providing total situational awareness for the League. The displays have durable designs, and can be used around the clock reliably, with no worries about the technology failing on the job.

**PERFECT PARTNER** Panasonic has been a perfect partner for the League of Valor. Customers can count on industry-leading warranties, 24/7 tech support with quick phone-wait times, and on-site service and support as needed. Customers are consulted when new products are designed, in order to address customers' specific business challenges. Panasonic is always there when we need them. Just like the League of Valor, Panasonic never says, "It can't be done."

**TOUGHBOOK 31:** When heroes need to stay plugged in on the go, the Toughbook 31 offers high performance, along with the world's most rugged design. It's used on the battlefield, by law enforcement, and others who need a reliable tool that will go the distance anytime, anywhere. The Toughbook 31 offers desktop-class performance; up to 14.5 hours of battery life; a sunlight-readable, anti-reflective and anti-glare touchscreen; reliable wireless connectivity; and a fully-rugged design with a magnesium alloy case. What more could a superhero want?
